

Teachers as Temporary Workers

2023 Summer Work Experience Opportunity

Just imagine the true impact you would have on your students and the community if.....

- You had a better understanding of the knowledge, skills and dispositions needed to succeed in the local workforce?
- You had ways to build student awareness of great local companies and career opportunities within those companies?
- You were able to better align your lessons to give your students the capacity to succeed in careers in your discipline?

The Lancaster-Lebanon Intermediate Unit 13 (IU13) and the Lancaster County STEM Alliance (LCSA) have partnered with Lancaster County businesses to invite Lancaster based teachers to join their staff for a seven-week summer work experience. These paid positions will allow teachers to experience firsthand the demands of today's workplace, and the skills future employees will need to thrive.

Participating Businesses Networking Event

Network with businesses that are participating in the program and learn more about the various summer positions available. Interested teachers are strongly encouraged to attend. Light refreshments will be served.
